Tenth Millionaire Retires From Firm

Robert M. Fair, Managing Partner of Marshall Field & Co., Lays

Business Cares Aside.

CHICAGO, Feb. 18.-The retirement of Robert M. Fair, for fifteen years manag-ing partner with Marshall Field & Co. calls attention to the fact that he is the tenth managing partner to fettre, each with a million or more dollars. It seems to be understood that when a man in the employ of Marshall Field has accumulated million dotturs he is to step aside and et some other man begin amassing his

let some other man begin amassing his million. As nearly as can be calculated, the retiring partners have taken with them more than \$20,000,000.

The house of Marshall Field & Co has probably produced more millionaires than any similar business in the world. In Europe and the United States vast fortunes have been accumulated, but it has been almost the universal rule that the fortune was held by one man or his immediate relatives. Andrew Carnegle's career is one of the exceptions. While he was amassing millions men working for him were also pilling up fortunes.

Conditions Are Unique.

But the conditions at Marshall Field & o are unique. There is the understanding that if a man possesses the right re-quirements, the business head, the ener-gy, ability and willingness to work, he has Fy. ability and willingness to work, he has the opportunity to make a million dollars. Nor must it be understood that the ten men who have retired with a million or more each are the only ones so favored. It is fair to assume that there are at least twelve or fifteen men still employed there who could readily produce a million of their own money.

Potter Palmer and Levi Z. Leiter retired hat time each was supposed to have shout \$2,000,000. Mr. Palmer established the about \$2,000,000. Mr. Paimer established the famous hotel bearing his name, and this has always been an immense moneymaker. Mr. Leiter went into real estate, and picked up some of the choicest lines in the city. These have quadrupled in value, and in some instances are today worth twenty times what he paid for them. He also put some money in two large department stores.

Harry G. Selfridge, who retired in 1904, bought the department store of Schlesinger & Mayer, refurnishing it along the lines of Marshall Field & Co., and in a few months closed it out to Carson, Pirie, Scott & Co. It is believed Selfridge cleaned up a quarter million by this transaction.

action.

Harlow N. Highnbotham has added largely to his original million by profitable real estate ventures. He could probably draw a check today for \$4.000.000 Mr. Highnbotham is passionately fond of flowers and his gardeners have produced some wonderful pinks and other varieties. He has also established a hospital at Joliet. Ill. and the sickrooms are kept fragrant with choice flowers from the Highnbotham greenhouses.

Won International Fame.

Won International Fame.

One might go into the final disposition of these millions harvested in the great house of Marshall Field & Co. For instance, the family of Levi Z. Leiter has won international fame. One daughter, Lady Curzon, is the vicerene of India, and another has recently been married to a prominent English officer. Joseph Leiter, the son, endeared himself everlastingly to the hearts of Western corn growers by his famous corner.

The corner falled eventually, just at the point where it should, have succeeded, but not until thousands of farmers had unloaded their corn at fancy prices. That famous deal paid off many mortgages in illinois. Iowa, Nebraska and adjacent States. Since then he has had a somewhat stormy and spectacular career as the owner and manager of a mine at Ziegler, Ill., where he has fought the labor unions.

NEW HAVEN, Conn., Feb. 18.—The reply of the committee of directors of the New York, New Haven & Hartford ratiroad, sustaining the action of President Mellen in rejecting the demands of the Ratiroad Friemen's brother-bood, was formally received today at a meeting of the greance committee of the fremen. Members of the committee said the session was merely for the formal receipt of the reply and to arrange for a meeting Sunday of the general executive committee. composed of members of the brotherhood from all sections of the ratiroad system. Representatives of the freemen say that for a week past a bureau for the employment of men to take the places of members of the brotherhood in the event of the strike has been in active operation in New York and elsewhere.

Breeding Snakes for Their Skins.

Breeding Snakes for Their Skins.

Snakes according to the prevailing popular notion, should be killed at sight as utterly useless and positively dangerous creatures, but in Australia they are now being systematically reared for the sake of their skins, which have a considerable commercial value in London, Paris and New York. Snake skin is the fashionable material for shippers, belts, bags, purses, card cases, lewel baxes, dressing table accessories, etc. Rabbit trappers supplement their means considerably by catching young snakes and extracting the poisonous fangs. The blacks are also expert snake catchers. To them the snake is an agreeable article of diet.

WOMEN HAVE A CLUB.

Colony Club, New York, to Erect a Building.

NEW YORK, Feb. 18.-Architectural plans have been completed for the Colony club, for which a site was purchased nearly a year ago in Madison avenue. When the structure shall have been reared the monopoly now held by the male population of the pleasures and privileges of an exclusive club lux-uriously housed and thoroughly fur-nished, will be at an end in this city. With its combined social and athletic advantages the new clubhouse will be the most complete in the country. Its membership will include many of

the most prominent women in New York and there will be several ar-rangements for out-of-town members, A peculiarly strong argument in favor of the club among society women is that it will provide accommodation for them when they are spending a day or two in the city during the summer sea-son when their town houses are closed.

BEWARE OF "FAKE MEDICAL COMPANIES.

Drs. Shores, in their many years of practice in Salt Lake City, have never resorted to abuse of any honest physician—but on the contrary Drs. Shores have al-ways welcomed HONEST competition—but when ways welcomed HONEST competition—but when TRAMP DOCTORS and ITINERANT FAKIRS hiding under the cloak of a "Fake Medical Co.," seek to trap the unwary. Drs. Shores feel it a duty to call attention to such frauds. EVERY DOCTOR ENTITLED TO PRACTICE MEDICINE IN UTAH HAS HIS NAME AND CREDENTIALS ON RECORD IN THE COUNTY RECORDER'S OFFICE. If you intend to consult a doctor, FIRST EXAMINE THE RECORDS AND SEE THAT HIS NAME IS THERE. It is an old-time trick to advertise a "Fake Medical Co.," and parade one doctor as possessing great skill (who is either a non-resident of the State or is dead and buried), and then paim off some unscrupulous quack on the sick when they dent of the State or is dead and buried), and then palm off some unscrupulous quack on the sick when they come to consult the doctor advertised. DID YOU EVER HEAR OF A GENUINE, REPUTABLE PHYSICIAN DOING BUSINESS WITH THE SICK AS A "FAKE COMPANY?" The COMPANY furnishes the cloak under which ANY QUACK can practice. If you go to see Dr. Smith, or Dr. Jones, be sure to SEE HIM IN PERSON, and don't be satisfied with some one who "REPRESENTS THE DOKETOR."
